Hail nine major stars
Cross all the seas through
Sail to the sun and return
Under the blue sky
Return to Earth
Verdant fields God's gift to you
Open our lives a new
and offering hearts, husbands
and wives, too
To your homes bring and grow
Seeds of hope are sown in bloom
What you do to you have done
To yourself and others on
Shoulder hope and bright vision
Return to Earth

These sturdy arms that carry
Are the nation's bulwarks
Guarding with unswerving line and power
To our standard we offer.

Songs of hope are now in black
Highway houses for you to sing over.
To Gethsemane go on
Circles of love and brotherhood.

We pray the Lord
God's blessings go with you.
You're the master, we're the
servants.
GRADUATES
Graduate forever.

Date and Time : February 24 – 29, 2020
March 2, 4-5, 2020
Target Participants : ATHLETES OF THE T3 CAMPUSES
Rationale :

Authorities asserts that the practice of sports is a fundamental right of all. These means that everyone must have full access to sporting activities, and that special opportunities and specialty-crafted programs must be made available for young people, for the children, for the aged, for the handicapped, among others in order to develop their physical, intellectual and moral powers.

An effective training program will give athletes the confidence they need and show them how to train properly. Athletes will be able to test their limits and do things they thought they could not. This will improve their self-esteem and make them feel happier within themselves, which is important not just in sport but in everyday life.

Combining sport-specific training with resistance workouts must be fun for everyone. This makes athletes concentrate more on training to improve their performance. This will also keep things interesting and prevent athletes from getting tired out both mentally and physically.

OBJECTIVES OF THE ACTIVITY:

- To prepare the T3 Athletes for University Games 2020.
- To provide opportunities and appropriate training essential to establishing long-term growth of a sports performance, with the end view of achieving a high-performance state of a junior athlete.

2. Think before you adopt your philosophy on the game.
3. Respect the ideals and laws of the game.
4. Always strive to improve your technical knowledge of the game.
5. Identify why players play the game and reflect it in your coaching.
6. Do not encourage winning at all costs.
7. Be respectful of players and officials both on and off the field.
8. Plan all training sessions well in advance.
9. Regularly evaluate your communication techniques.

All instructors handling subjects where the athlete is enrolled shall give the students the opportunity to comply and submit their missed requirements.

Contribution of Faculty Members:

1. Faculty Members are highly encouraged to have leniency and compassion to our student-players by allowing them to take quizzes, long examination and submit all academic requirements of each subjects.
