## **PROCEDURE FOR DISSEMINATING THE VISION, MISSION, GOALS AND/OR OBJECTIVES OF THE INSTITUTION**

The following are the activities by the campus to ensure that the vision, mission, goals, and/or objectives of the institution and all its units are well disseminated various stakeholders:

### **A. For Students**

#### **1. Orientation Program for First Year and New Students**

At the start of every semester, the institution conducts an orientation program for freshmen and new students. In this program, the vision and mission of the institution is explained to the students in depth by the campus authorities. Furthermore, each of the different department/unit of the organization takes turn in discussing their goals and/or objectives.

#### **2. Flag Ceremony**

Being a government institution, CvSU-General Trias Campus conducts a flag ceremony every Monday, 7:00am. All students and faculty members with a class scheduled at this time are required to attend. Once in a while, at random, the department/unit in-charge of the ceremony asks students to recite the vision and mission of the institution. Moreover, the Cavite State University's hymn is sung during flag ceremonies. The lyrics of the CvSU hymn are in consonance with the vision and mission of the institution.

#### **3. Student Handbook, Bulletin Boards, and Other Printed Media**

The vision and mission of the institution is also printed as part of the CvSU Student Handbook. The CvSU Student Handbook is distributed to the students on a 1:1 ratio. A copy of the vision and mission is also displayed in all bulletin boards within the campus. The goals and/or objectives of each unit are also displayed in every department's bulletin board. Other print media which also indicate these are documents that bear the letterhead of the campus (course syllabus, major examinations, invitations/programs for various campus activities, etc.).

#### **4. Clearance Signing**

Prior to signing the clearance of the students before the end of every semester, department heads, faculty members, and even the dean, asks the students to recite either the vision, mission, goals and/or objectives, or CvSU hymn. If a student fails to recite, he/she will be briefly and informally oriented on this topic. A student's clearance will not be signed unless he/she will be able to recite them.

#### **5. Seminars/Trainings**

At random, students may be asked to recite the vision, mission goals and/or objectives of the institution and department/unit during seminars and trainings. The department/unit and/or the student organization that hosts

the seminar or training also makes sure that the vision, mission goals, and/or objectives of the department/unit are printed on the invitation programs and the hand-outs to be distributed to the attendees.

## **6. On-the-Job Training**

Before the students are deployed or on-the-job training to various OJT centers, the OJT coordinator/adviser conducts a brief meeting with the students to reorient them on the vision, mission, goals and/or objectives of the institution. They are also reminded to set examples and act based on these statements.

## **B. For Faculty Members**

### **1. Contract Signing**

Before a newly-hired faculty member signs a contract with Cavite State University-Tanza Campus, he/she will be informed first by the HR Coordinator of the vision and mission of the university.

### **2. Orientation for New Faculty Members and Retooling/Reorientation for Relihred Faculty Members and Staffs**

Before the start of the academic year, the newly hired faculty members and staffs will be joined by the rehired faculty members and staffs in a seminar/training that aims to orient them in the goals and policies of the university and the campus. For the rehired faculty members and staffs, it serves as a reorientation and reminder to always set an example not only to students but also to the newly-hired employees.

## **C. Other Stakeholders**

### **1. Print Media**

Other stakeholders are informed of the vision and mission of the institution through various print media. These print media include the letterhead of different communications and brochures.

### **2. On-the Job Training**

During the on-the-job training of the students, when the OJT coordinator/adviser pays a visit, he/she will briefly orient the trainee's immediate superior on the vision and mission of the campus. The OJT coordinator/adviser may also leave a brochure or leaflet to the OJT center's representatives.

**ABSTRACT**

Considering the essence of the vision, mission, goals and objectives as focal point for efficiency and productivity in an institution, this study attempted to investigate the stakeholders' level of awareness, understanding and acceptance of the VMGO.

Stakeholders of this study include students, parents/guardians, faculty, staff, administration, alumni, cooperating agency/industry and city officials. A total of 363 responses were gathered through a validated 10-item online survey instrument and were treated in-depth through descriptive statistics. The results showed that stakeholders are extremely aware of the vision and mission, highly aware of the goals and objectives and highly understanding and accepting of the VMGO. However, stakeholders are moderately aware of the strategic areas where the VMGO are posted and available. Hence, strategies to strengthen the information on availability of the VMGO must be performed. Further a high desire for realizing the VMGO in stakeholders' own capacities were found and must be further analyzed and investigated.
